Report

Between 2nd November to 4 November, 2022 at Indira Gandhi Pratishthan, Lucknow, Uttar Pradesh, for the upcoming entrepreneur and new startups a *India Food Expo* was organized with combined effort of Uttar Pradesh government and Ministry of micro small medium from the exhibition. Many small-scale industries and many new startups of 6 months had come in this fest. it also included big industry like parle cream bell etc. There were banks like SBI and PNB offering loans for MSME and new startups. There we got to know about the govt schemes about agro based products and new startups and MSME'S. It also had a stall which conducted information session which helped us in knowing the central govt schemes and subsidy given by Indian government relating to Atmanirbhar scheme. We got to know about how to start a industry with low budget and what are the works we can start with minimal budget and in long term they will get us good profit. The exhibition rendered lot of information which was really helpful for the students. The visit was organized by BSNVPG college Entrepreneurial cell which has been established to develop Entrepreneurial temperament amongst the students. The team was led by Prof. Gunjan Pandey (member Entrepreneurial Cell).
