Report

On 30th November 2022 an interactive session on Gemmology was held in Geology Department. A lecture on distribution of gems was delivered by Prof. Vibhuti Rai, Former HOD and Director Gemmology, University of Lucknow, followed by display and demonstration of gemstones. Prof Sanjay Shukla presented a memento to Prof Rai. All the students were fascinated and excited to see the gem stones so closely. Earlier Mr. Vaibhav Singh, welcomed the guest by presenting bouquet. All faculty members were there to felicitate the demonstration. Apart from ruby, sapphire and emeralds, the natural and cut diamonds were the main points of attraction among the students. Few glimpses..
