DEPARTMENT OF COMMERCE

Departmental Profile

B.S.N.V.P.G.College

The Department of Commerce was established during the session 2009-10 on Self-Finance basis. Since then the Department has developed and the Lucknow University has been kind enough to allow three sections in B.Com. Since its inception the Department is progressing well under the visionary guidance of college Management and the very passionate and committed senior most faculty & Head, Dr. Madhu Bhatia. The department is showing excellent results under the supervision of highly qualified teachers.

Besides the educational programmes the Department has been organizing lectures from the senior professors and officials of government departments relating to the field of commerce. The department has also been organizing cultural activities like dance competition, rangoli competition, debates and essay competition among the students. Our students have attained various positions and prizes in the competition organized by the other institutions as well.

To keep in pace with the modern teaching methods, the department is incorporating smart learning education system (SMART Classes) which attempts to develop learning skills among the students. Owing to the pandemic situation, the

department is conducting successful online classes to facilitate smooth teaching-

learning environment for students.

The department has a hi-tech Computer Lab and is running certified computer

course by NIELIT, which is meant for value creation and job enhancement for

students of our college and other colleges also.

The department has been regularly associated with various Management Institutes

which organizes career counseling and personality development discussions with

students in the college campus. For providing professional exposure to aspiring

students, the department is focusing on industry-institution interface where many

students have benefitted a lot in getting job opportunities since inception.

The department is committed to integrate all facets of commerce and management

to educate and train innovative and competent human resource suitable for

industry, business and service sector and to equip and encourage them to start their

own ventures in urban or rural areas benefitting both the classes and masses.

DR.MADHU BHATIA
